

Whispered voice alerts

Fights noise and wind

Extended battery life

plantronics®

Free your hands from your phone

M20™

Keep talking longer with the Plantronics M20 Bluetooth® headset. Extended battery life, whispered talk-time alerts and noise reduction make every call worry-free.

M20™

MORE TALKING, LESS CHARGING.

Extended battery life, whispered talk-time alerts and noise reduction make every call worry-free. Avoid recharging even longer by using the power switch between calls and if you have an iPhone®, you can monitor battery life onscreen. So talk freely knowing you have the time you need and the technology you want.

MADE FOR

New users looking for reliable sound and features that make hands-free calling as easy as possible

KEY DIFFERENCE

Extensive talk and standby time so users don't have to recharge very often

MAIN BENEFITS

- Fights noise and wind
- iPhone displays headset battery meter
- Power switch lets you extend battery life
- Voice alerts tell you talk time, volume, connection and more
- Pair two phones and take a call from either one
- Comfortably fits either ear
- Works with Bluetooth® phones

CONNECT TO YOUR PHONE

1. READY

Activate the Bluetooth feature on your phone, then get phone to add / search / discover new Bluetooth devices.

Phones Have Different Menus to Select From:

iPhone: Settings > General > Bluetooth > On (starts the search for devices)

BlackBerry® smartphone: Settings/options > Bluetooth: On > Search for devices

VIDEO TUTORIAL:

plantronics.com/pairing

2. SET

First time, right out of the box:

With headset turned off, activate Bluetooth pairing mode by sliding Power switch on. The LED flashes red/blue to indicate pairing mode.

3. CONNECT

Select "PLT_M20" from the list of Bluetooth devices shown on your phone.

If phone asks for a passcode, enter four zeros (0000). You may see **** on screen. Some phones also ask to confirm headset connection after pairing. Headset LED will stop flashing red/blue once successfully paired/connected.
