

## Plantronics Pulsar™ 590 Series Stereo Bluetooth® Headsets

### Ultimate wireless freedom—phone calls and stereo music in one headset

Enjoy high fidelity stereo sound, voice clarity, and comfort—all without wires! The Plantronics Pulsar 590 Series Bluetooth Stereo Headsets seamlessly switch between your Bluetooth mobile phone and audio devices, so you'll never miss a call while listening wirelessly to your favorite music or movies. The foldable headset design makes a convenient and portable package, perfect for anyone on the go.

- High fidelity stereo sound, superior audio performance
- Freedom to roam up to 33 feet from your Bluetooth device
- Works with multiple Bluetooth devices: seamlessly switch between calls and music with multipoint technology
- Up to 12 hours talk time and up to 10 hours audio listening time
- Telescoping voice tube for clear calls
- Foldable headset design for convenient travel and compact storage
- Adjustable headband and pivoting pillow-soft ear cushions for superior fit and wearing comfort
- Dedicated buttons allow call and music control functions directly from the headset
- Convenient desktop charging stand to charge and store your headset

 **Bluetooth®**

## Turn your audio device into Stereo Bluetooth

The Universal Adapter included with the Pulsar 590A plugs directly into most 3.5 mm audio devices, so you can enjoy Bluetooth stereo listening on laptops, PCs, PDAs, TVs, MP3 and DVD players, and home entertainment systems.

**Sound innovation for missions to the moon. And for everyday life on this planet, too.**

In 1969, a Plantronics headset carried the historic first words from the moon: "That's one small step for man, one giant leap for mankind." Today, we're the headset of choice in mission-critical applications such as air traffic control and 911 dispatch. This history of proven sound innovation is the basis for every product we build—whether it's for work, for home or on the go.
