Please read the safety guide for important safety, charging, battery and regulatory information before using your new headset.
Pair

1. Wearing your headset, power it on.
2. The first time you do, you will be prompted to select your language from a set of three options. *NOTE* *Language selection not available in Europe, Russia and Africa.*
3. When completed, you will hear “pairing;” go to the “settings” menu on your phone to connect to your headset.
4. Activate Bluetooth® on your phone and set it to search for new devices.
   - iPhone Settings > Bluetooth > On*
   - Android Settings > Bluetooth: On > Scan for devices*
     NOTE *Menus may vary by device.*
5. Select “PLT E80 Series.”
   If necessary, enter four zeros (0000) for the passcode or accept the connection.
   Once successfully paired, you hear “pairing successful” and the indicator light stops flashing.

Pair mode
While wearing your headset, power it on. Press and hold the Call button until you hear “pairing.”
You can pair up to 2 devices to your headset.
Answer or end a call
Tap the Call button.

Adjust the volume
Tap the Volume up or Volume down button.

Mute
During a conversation, press both the Volume up and Volume down buttons for 2 seconds until you hear “mute on” or “mute off.”

Redial
Double-tap the Call button to call the last number you dialed.

Voice control
Siri, Google Now™, Cortana Press the Call button for 2 seconds and wait for the phone prompt to activate voice dialing, search, and other smartphone voice controls.

Change language
Reselect the headset language at any time by putting your headset into pair mode.*
NOTE *Language selection not available in Europe, Russia and Africa.

Pair mode
While wearing your headset, power it on. Press and hold the Call button until you hear “pairing.”
You can pair up to 2 devices to your headset.
## Charge and fit

<table>
<thead>
<tr>
<th>Charge</th>
<th>It takes 2 hours to fully charge the headset; the indicator light turns off once charging is complete.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Adjust the fit</td>
<td>The universal-fit eartip has a thin loop that bends to gently tuck into the contours of either ear. To adjust the fit, you can rotate the eartip on the headset or add the optional clip-on earloop.</td>
</tr>
</tbody>
</table>
Headset Features

Music and more  
Listen to your music, podcasts, navigation and other streaming audio on your headset.

Play or pause audio  
Press both Volume buttons at the same time.

Skip to next track  
Press the Volume up button for 2 seconds.

Play previous track  
Press the Volume down button for 2 seconds to restart current track. Press the button twice (each button press 2 seconds) to go to previous track.

Decipher the lights  
Your headset has an indicator light that flashes in response to a change in status or after a button press.

Some examples of what you will see are:
• Solid red until charging complete and then solid blue
• Flashing red and blue during pairing
• Double red flash when battery low
• Double blue flash at incoming call

Voice prompts  
Your headset tells you about status changes. For example:
“Power on”
“Pairing successful”
“Phone 1 connected”
“Talk time (x) hours”
“Mute on”
“Answering call”
“Recharge headset”

DeepSleep mode  
If you leave your headset powered on but out of range of your paired phone for more than 90 minutes, your headset will conserve its battery power by entering into a DeepSleep® mode.

Once back in range with your phone, press any button to exit DeepSleep mode. If your phone is also ringing, tap the Call button again to answer your call.

Install the app  
Get the most from your headset by installing our free mobile app, Plantronics Hub for iOS/Android. Explore all of your headset’s features, view instructions, and contact Plantronics support easily from your smartphone.
