WE CONNECT PEOPLE, NOT THINGS

Poly (formerly Polycom and Plantronics) is the global communications company that powers authentic human connection and collaboration with end-to-end solutions.

Poly is finding new ways to inject meaningful human-to-human cues into audio and video communication to replicate the face-to-face experience.

To build intimacy.
To break walls and span distance.
One to one. One to many. Many to many.

Our high-quality headsets, voice, video, and video-interop solutions work simply and flexibly. Poly is truly a one-stop shop for all your organization’s personal and group collaboration device needs.

Poly solutions protect your investments by enabling existing video and voice conferencing equipment to work easily with your current and future collaboration platforms. Our Global Services team provides you with the expertise to plan, design, deploy, optimize, support, and manage your solution environment.
POLY END-TO-END SOLUTIONS

BEST END-TO-END COLLABORATION EXPERIENCE. PERIOD.

- Everywhere the communications and collaboration clouds touch the individual, we’re there. We make your connections simple and your interactions lifelike, so your collaboration is human to human—the technology fades into the background.
- We also provide the management insights, built on data and analytics, to make it all work better, smarter, and easier.
- Our service experts help tailor the technology to your unique needs, ensuring your long-term success.

OUR VALUE TO OUR CUSTOMERS AND PARTNERS

- Business leaders—More ways to improve communication and collaboration, and thus improve productivity.
- IT managers—One-stop shopping for all your communication device needs with insights that help anticipate maintenance needs, solve problems remotely, and reveal the ways users interact with their systems and work environment.
- Business partners—A reliable partner who understands and complements your business, giving our combined customers more of what they want.
POLY STUDIO X30

- Connect to select ecosystems for native experience—no PC or Mac required
- Advanced audio suppression
- Use open standards to connect to nearly any cloud video service
- 4K Ultra HD capable
- Built in wireless content sharing using Miracast, Airplay, and Poly Content App (standards-based only)
- Microsoft Teams native support in 2020

POLY STUDIO

- The best audio quality in its class
- Automatic speaker tracking
- Centrally managed to ease the burden on IT
- Simple USB connection to a PC or Mac to use with any video app or cloud service

IDEAL FOR

- Huddle rooms that need an all-in-one video solution
- Huddle rooms that need to connect to multiple Video-as-a-Service (VaaS) platforms over USB
IDEAL FOR
Personal workspaces and small huddle rooms needing a compact USB video camera

IDEAL FOR
Huddle and small conference rooms needing hands-free speaker tracking camera

EAGLEEYE MINI

• High-definition 1080p60 capture with true color hue saturation and brightness for the most accurate color rendition and lifelike images
• 4x electronic zoom and a 74-degree field of view
• Simulcast video stream
• Installs in seconds—no drivers needed

EAGLEEYE CUBE

• Hands-free, intelligent group framing
• 4K sensor and 5x digital zoom
• Two built-in mics with crystal-clear pickup for richer discussions
• Two versions available:
  - HDCI: Consistent performance for small groups through integration with Group Series and Poly Trio with VisualPro
  - USB: Simple connection to a PC or Mac to use with any video app or cloud service
IDEAL FOR
Smaller rooms requiring exceptional audio conferencing quality

TRIO 8300
- Legendary voice quality and up to 3.7 m/12 ft of pickup
- Meeting initiation with one-touch join
- Allows connectivity to multiple SIP platforms at once
- Audio connectivity for mobile devices

VOICESTATION 300
- 360-degree room coverage with up to 2 m/7 ft mic pickup
- Features Poly Acoustic Clarity and dynamic noise reduction for clear, natural audio fidelity
- Easy to use and install—connects into any analog phone jack

IDEAL FOR
Small huddle rooms needing a Bluetooth® wireless speakerphone

CALISTO 7200
- Connect to PC via USB or mobile device via Bluetooth
- Poly NoiseBlock technology automatically eliminates non-speech background noise
- Talk time up to 10 hours on a single charge
- Zoom supported

IDEAL FOR
Smaller rooms or offices needing an analog speakerphone

VOICESTATION 300
- 360-degree room coverage with up to 2 m/7 ft mic pickup
- Features Poly Acoustic Clarity and dynamic noise reduction for clear, natural audio fidelity
- Easy to use and install—connects into any analog phone jack

HUDDLE SPACE AUDIO
IDEAL FOR
Mid-size to large rooms needing custom designed video conferencing

G7500
- 4K Ultra HD video and content resolution
- Content is shared wirelessly from any device
