

## POLY AND SHURE CONFERENCE ROOM SOLUTIONS

### POLY AND SHURE CONFERENCE ROOM SOLUTIONS

Make quality collaboration a standard across your enterprise with Shure Microflex™ Ecosystem solutions and Poly video collaboration solutions. Whether you are presenting in the training room, planning in the board room, or calling in from your home office, you will be heard and seen clearly through flexible audio and DSP solutions from Shure and intelligent camera technologies from Poly.

#### BENEFITS

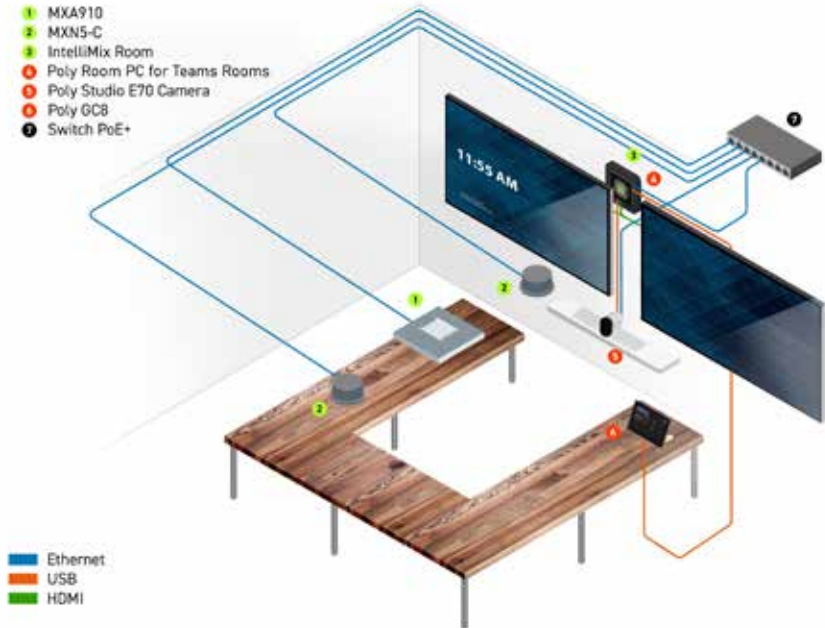

- **Scalable and flexible** – The Shure Microflex Ecosystem gives users a range of scalable and flexible audio options to connect simply to Poly video collaboration solutions.
- **No distractions** – Poly camera framing technology and clear sound reproduction from Shure solutions automatically follow the conversation so you can stay focused.
- **For large room** – The integrated solutions are supported with Poly G7500 and Poly Studio X70 in Zoom and Poly video mode, and with Poly Studio Large Room Kit for Microsoft Teams Room.

Poly video collaboration solutions integrate with Shure's networked audio solutions for best-in-class collaboration experiences.
