SMARTER HEADSETS FOR CALL CENTERS

BENEFITS

• Work hassle-free across new and legacy equipment with QD models, or USB models with USB-A and USB-C connectors right on the cable

• Answer soft-phone calls from any PC, no matter what kind of USB port you have

• Never worry about updates, thanks to remote firmware and cloud system updates (USB models)

• Walk away from your desk with a click with the Poly Quick Disconnect technology (QD models)

• Call up Microsoft Teams instantly thanks to a full native Teams experience accessed right from the headset (-M models)

ENCOREPRO 500 SERIES

The EncorePro 500 Series smarter headsets let your employees take calls from home or office, regardless of how they connect to a PC. They’re the first call center digital headsets to connect you to everything Teams has to offer, even while you’re on a call. Hybrid working has never been easier. They even adjust audio performance to your specific headset, giving you ideal call quality, every time. The controls are a breeze, including a single hold button for audio and video (USB models). Designed to preserve your hearing and built to take years of punishment, these headsets make true flexibility your new reality.

• Built-in USB-A and USB-C connectors (USB models)
• Full backwards compatibility for legacy equipment (QD models)
• Remote firmware and cloud system updates (USB models)
• Poly Quick Disconnect technology (QD models)
• Full native Microsoft Teams experience (-M models)
ENCOREPRO 500 SERIES
