ULTRA-SECURE WIRELESS DECT™ HEADSET SYSTEM

SAVI 7300 OFFICE SERIES

Armor up with Savi 7300 Office Series to keep conversations private. The ultra-secure DECT™ wireless headset is the perfect choice for financial, medical, government and contact centers or anywhere sensitive conversations happen. Relax knowing calls are protected—it’s designed to meet the highest-level DECT™ security Step C, with military-grade 256-bit AES encryption for maximum security. Combined with Poly Acoustic Fence technology and Microsoft Teams Open Office spec, conversations always stay clear, private and protected. And with up to 2x better density than other DECT™ headsets, interference isn’t a thing.

- Up to 2x more density than other DECT™ headsets
- First Poly Microsoft Teams certified DECT™ headset with dedicated Microsoft Teams button
- Meets Microsoft Teams Open Office specification
- Noise-canceling microphone with Poly Acoustic Fence technology
- Up to 580 ft/180 m line-of-sight range

BENEFITS

- Exceeds enterprise security expectations – designed to meet the highest level DECT™ Security Step C enhanced with Military level FIPS 140-2 listed features, such as 256-bit AES encryption

- Deploy more headsets with ease—up to 2x better density compared to other DECT™ headsets

- Keep nearby conversations private with a noise-canceling microphone enhanced with Poly Acoustic Fence technology that meets Microsoft Teams Open Office specification

- Crystal clear audio quality with latest DECT™ compression and modulation techniques without impacting user density
SAVI 7300 OFFICE SERIES
