USB/BLUETOOTH® SMART SPEAKERPHONE FOR FLEXIBLE/ HUDDLE ROOMS

BENEFITS

• The focus stays on conference voices, not background noise with the multi-microphone steerable array for echo and noise reduction

• Conversations flow naturally, even with simultaneous talkers overlapping with full-duplex audio

• Workers hear clearly and stay productive with a high-performance, large speaker

• Calls are clearer and multimedia sounds amazing thanks to the bass reflex system with dual passive radiators for natural voice and deep bass

• Users enjoy easy connectivity however they want to work—connect wirelessly via Bluetooth or wired via combined USB-A/USB-C cable

POLY SYNC 40

Business moves fast. Joining virtual meetings should be fast, too. Poly Sync 40 USB/Bluetooth smart speakerphone lets users get straight to work. Designed for flexible and huddle workspaces, its sound is remarkable. Everyone can hear and be heard without missing a word with multi-microphone array and full-duplex audio. No power outlet? No problem. Poly Sync 40 is battery-powered for hours so teams can use it anywhere in the room. They can pair two units together for larger meetings with bigger volume, more microphones, and wider voice pickup. Smart and simple, this speakerphone is just as flexible as the space it sits in.

• Works with computers via USB and with smartphones via Bluetooth
• Connects to personal devices and works with existing applications
• Programmable button clears previously paired Bluetooth devices (must be enabled)
• Poly Sync 40+ connects wirelessly to computers via the included BT600 adapter
• Highly visible status light bar
POLY SYNC 40
