Polycom® VVX® 300, 301, 310, 311
Business Media Phones

Powerful entry-level business media phones for today's cubicle workers handling a low to moderate volume of calls delivering crystal clear communications

The Polycom® VVX® 300 Series are expandable business media phones that deliver crystal clear communications, enhanced collaboration and personal productivity.

Simplicity and ease of use
The VVX 300 Series brings high-quality, cost-effective solutions to any environment through advanced unified communications (UC) features. The intuitive user interface of the VVX 300 Series makes usability and navigation easy and requires minimal training.

Unsurpassed voice quality and clarity
The VVX 300 Series delivers breakthrough Polycom® HD Voice™ quality for lifelike conversations while minimizing fatigue, making calls more efficient and productive.

Maximize productivity
Give your front-line workers the best experience with this high-quality 6-line business media phone. The VVX 300 Series improves personal productivity by complementing the workplace applications on their computer. Users can view and manage their Microsoft Exchange Calendars, receive meeting reminders and alerts, access the corporate directory and instant messaging/presence status right on their phone display, even while waiting for their PC to boot. They can also extend their PC's desktop to include the VVX 300 Series screen for mouse/keyboard navigation and interaction.

Best-in-class deployment and administration
The VVX 300 Series is easy to deploy and simple to manage. Using an enterprise-grade, Web-based configuration method allows administrators to easily provision and maintain even a large number of phones throughout the entire organization.

Customizable and expandable
The VVX 300 Series provides personalized information at a glance, through built-in Web applications and custom backgrounds. The VVX 300 Series also comes ready for future expansion modules as your users' needs and business grows.

Market-leading open standards interoperability
Designed for enhanced interoperability, the VVX 300 Series leverages and complements the other existing IT investments in your business. With the broadest call server interoperability in the industry, the Polycom VVX 300 entry-level business media phone can become the flexible and future-proof foundation for any organization's UC strategy.

Benefits
• Improve productivity for cubicle workers and call center operators through an intuitive easy-to-use user interface
• Make more efficient and productive calls with the unparalleled voice clarity of Polycom® HD Voice™
• Reduce deployment and maintenance costs—the Polycom Zero Touch Provisioning and Web-based configuration tool makes the VVX 300 simple to deploy, easy to administer, upgrade, and maintain
• Leverage previous IT infrastructure investments—deploy VVX 300 Series business media phones on your existing network without needing to upgrade your call control platform
• Easily integrate with third-party Web-based UC and productivity applications for broad, standards-based, open APIs
