

THE RIGHT WAY TO DEPLOY

BENEFITS

- Helps you define an initial profile (headset model and persona)
- Accelerates getting headsets connected to the Cloud
- Ensures you've met prerequisites for headset compatibility, licensing, internet connectivity, security, desktops and smartphones to support Plantronics Hub software

PLANTRONICS MANAGER PRO GET CONNECTED SERVICE

Bring your teams up to speed quickly with Plantronics Manager Pro. Take advantage of the Plantronics Manager Pro Get Connected Service that's included with your subscription—and learn how to get set up for success. We'll guide you toward faster adoption. Increased headset-connection rates. And a consistent user experience. Ask any IT Manager, and they'll tell you getting everyone to use software in the same way makes things easier all around. Just block off an hour or two. You'll get an overview of the application. Help with headset setup. And connection to the Cloud. It'll be time well spent. And, best of all, there's no charge.

- Comes standard with Plantronics Manager Pro to enhance deployment success
- Involves a one- to two-hour call to jumpstart using Plantronics Manager Pro
- Helps you define an initial profile (headset model and persona)
