### **POLY MICROSOFT CLOUD ACCELERATOR WORKSHOPS**

At Poly we understand that businesses may need help from Microsoft experts with highly specialized skillsets to drive Unified Communications (UC) transformation to Microsoft Teams. Poly Cloud Accelerator Workshops for Microsoft Teams are designed towards accelerating your journey, including a rapid deployment program to address your current needs for business continuity, envision the possibilities, and efficiently realize your opportunities. These Workshops help make your users and employees more productive, efficient and secure while using Microsoft Teams, and are available to Microsoft approved Poly customers.

**Microsoft Teams Calling Workshop** helps customers experience the vision for Microsoft Teams Calling with Phone System capabilities and advanced communication scenarios through a virtual workshop. It is designed to guide you through the process of a simplified enterprise voice solution with reliable, high-quality, integrated calling. Through “art of the possible” immersive experiences, use-cases, and deep-dive planning, you will gain actionable recommendations to deploy and adopt Microsoft Teams Calling with Phone system.

The **Teams Meetings and Meeting Rooms Workshop** is a modular engagement to identify and understand business priorities while focusing on specific scenarios that drive meetings culture transformation. This workshop engagement is designed to showcase modern meetings through “art of the possible” immersive experiences, use-case design, and deep-dive planning, resulting with actionable recommendations to deploy and adopt Microsoft Teams Meetings and Meeting Rooms.

**Secure Work from Anywhere Workshop** is designed to introduce the value of Microsoft 365 to new customers. We help you envision agile work scenarios and how to empower your employees to be productive and secure with Microsoft 365. We'll share how to provide meeting experiences to connect teams remotely and onsite, simplify day-to-day work, and how to connect people to drive culture, change and communication in a safe environment. Working with you we define activation plans, risks and mitigations for a successful deployment and adoption.
