PAIR

To pair your Bluetooth USB adapter to your headset, do the following:

- 1 Insert the USB adapter into your laptop or computer and wait for your computer to recognize it.

NOTE: USB-C shown. USB connection may vary but function is the same.

- 2 Put your headset in pair mode (refer to your headset's user guide).

- 3 Put your USB adapter into pair mode by gently pressing and holding the Pair button with a pen or paperclip until the USB adapter flashes red and blue.

Pairing is successful when you hear “pairing successful” and the USB adapter LED is solid blue.

CONFIGURE

Windows

Your USB adapter comes ready to take calls. If you want to listen to music, you need to configure your USB adapter.

- 1 To configure your USB adapter to play music, go to Start menu > Control Panel > Sound > Playback tab. Select **Poly BT600**, set it as the Default Device and click OK.
- 2 To pause music when you place or receive calls, go to Start menu > Control Panel > Sound > Communications tab and select the desired parameter.

Mac

To configure the USB adapter, go to Apple menu > System Preferences > Sound. On both the Input and Output tabs, select **Poly BT600**.
