Security Advisory relating to inadequate SSH restrictions vulnerability in Polycom® Group Series® Video Endpoints

This information applies to Polycom Group Series Video Endpoints running software versions:	4.3.0 and earlier
---	-------------------

Description

The Polycom Group Series (all models) contains an inadequate SSH restrictions vulnerability that could be used by a malicious user to gain unauthorized access to the system.

Status

Polycom made changes to the Group Series software to address a security vulnerability in the Group Series SSH restrictions starting with software build 4.3.1.

Group Series Administrators can download version 4.3.1 or newer at the link provided below to avoid this potential problem.
