

# Patch Notes

## Poly Workflow Suite

---

**Build ID:** 2.2.0.HF1.2357070

**Released File:** *WorkflowSuite-2\_2\_0\_HF1\_2357070.msi*

**Release Date:** January 11, 2023

**Part Number** 3725-85823-008A  
**Revision:**

## Purpose

This patch includes fixes for the following issues when applied over the Poly Workflow Suite 2.2 release.

<i>Issue ID</i>	<i>Description</i>
EN-220731	The RingCentral match rule doesn't work with new meeting invitations.
EN-232031	You can't set the default user interface language for Easy Schedule - Web.
EN-232720	The Easy Schedule – Web user interface isn't available in the same language set as Poly Workflow Suite is. The following languages aren't available: German, French, Spanish, Chinese, and Portuguese.
EN-233326	If you display the Easy Schedule add-in for Outlook in Czech, some Czech characters show incorrectly.
EN-234834	Clicking the Easy Schedule add-in for Outlook (Desktop version) creates no meeting invitation, nor a VMR. The add-in user interface isn't well formatted too.
EN-235218	You can't configure the Poly Clariti Core/Edge synchronization time.
EN-235981	If your video endpoint has a calendar registered to Poly Workflow Suite (calendar.poly.com), Zoom meetings scheduled by HP don't have the <b>Join</b> button in the meeting invitations.
EN-236072	The Poly Workflow Suite 2.2 has memory leak problem.
EN-236066	If you use a proxy, your modern authentication may not work.
EN-236572	The meeting invitation template isn't available in Czech and Spanish.

These patch notes documents only the changes from the preceding generally available (GA) release. Refer to the Release Notes for that GA release for the complete release documentation.

## **Prerequisites and Configuration Considerations**
