## Security Updates

For information about known and resolved security vulnerabilities, see the [Security Center](#).

## Installation

For installation information, see the *Polycom EagleEye Director II Administrator Guide*.

## Software Updates

Software update scenarios can involve two cascaded EagleEye Director II cameras (a primary camera and a secondary camera) that have different software version numbers. The following table lists the resulting software versions of the cameras after a software update.

### Software Updates

<i>Upload Version</i>	<i>Primary Camera Version</i>	<i>Secondary Camera Version</i>	<i>Update Result / Workaround</i>
2.2.0	2.2.0	2.2.0 + 1	Primary and secondary cameras are 2.2.0 + 1
2.1.0	2.1.0	2.1.0 + 1	No software update
2.1.0 + 1	2.1.0	2.1.0 + 1	Primary and secondary cameras are 2.1.0 + 1
2.1.0 + 1	2.1.0 + 1	2.1.0	Disconnect cascaded cameras; update the secondary camera without the primary camera
2.1.0 + 1	2.1.0	2.1.0 - 1	Primary and secondary cameras are 2.1.0 + 1

## Hardware and Software Requirements

Your system must meet the following minimum requirements to use an EagleEye Director II as a USB camera for a computer and to use Microsoft Surface Hub for Skype for Business and Microsoft Lync.

## Hardware and Software Requirements for EagleEye Director II

<i>Category</i>	<i>Requirement</i>
Operating system	Windows 10 (32-bit or 64 bit) – Required for the EagleEye Director II App and for the camera's system web interface Windows 8 (32-bit or 64-bit) Windows 7 (32-bit or 64-bit)
Desktop client	Office 365 Microsoft Teams or Microsoft Skype for Business 2016/2015 Microsoft Lync 2013 (required for 1080p)
Processor	Quad core, 2.0 GHz or higher For Office 365, Lync 2013, and Lync 2010 client requirements, see the <a href="#">Microsoft TechNet</a> site
RAM	2 GB
USB connector	USB 3.0 or USB 2.0 (recommended) USB 1.0 (not recommended due to possible reduced performance)
USB driver	Latest USB driver installed using Windows Update

## Interoperability

The EagleEye Director II camera interoperates with a variety of software and hardware.

### ***Camera Software Packaged with RealPresence Group Series System Software***

RealPresence Group Series system versions before 6.1.0 support camera 1.x.x versions only and don't support 2.x.x versions. The EagleEye Director II camera works with the following RealPresence Group Series systems:

- RealPresence Group 300
- RealPresence Group 310
- RealPresence Group 500
- RealPresence Group 700

---

**Note:** RealPresence Group Series system versions prior to 6.1.0 support camera 1.x.x versions only and don't support 2.x.x versions.

---

### **Supported EagleEye Director II and RealPresence Group Series Software Packages**

<i>EagleEye Director II Software Build</i>	<i>RealPresence Group Series Version</i>
2.1.0.5	6.2.0.2

<i>EagleEye Director II Software Build</i>	<i>RealPresence Group Series Version</i>
1.1.0.29	6.1.7
1.1.0.29	6.1.6.1
1.1.0.23	6.1.5
1.1.0.23	6.1.4
1.1.0.18	6.1.3
1.1.0.18	6.1.2
1.0.0.22	6.1.1
1.0.0.16	6.1.0

## ***Interoperable Product Versions***

EagleEye Director II cameras interoperate with the following products and software versions.

### **Product Interoperability with EagleEye Director II**

<i>Product</i>	<i>Interoperable Versions</i>
Poly Trio	5.7.1
Poly Trio for Zoom Rooms	Mac: 4.1.25771 Windows: 4.1.25831
Microsoft Teams, Microsoft Skype for Business, and Microsoft Lync desktop client	Office 365 Microsoft Teams 1.3.00.31689 Microsoft Skype for Business 2016/2015 Microsoft Lync 2013 (required for 1080p)
Microsoft Surface Hub with Poly Trio (USB mode)	System version: 10.0.15063.1058 Application version: 1.4.7.0

## ***Supported Cameras and Accessories***

EagleEye II Director cameras support the following cameras and accessories.

- EagleEye IV Digital Extender
- Digital Breakout Adapter
- EagleEye IV wide-angle lens
- EagleEye IV 12x cameras
- Privacy cover (used in environments that require enhanced security)
- Icron Ranger 2304 USB 2.0

- Icron Ranger 2311 Icron USB 2.0

For more information on the EagleEye Digital Extender and Digital Breakout Adapter accessories, see the *Polycom RealPresence Group Series Integrator Reference Guide* at the [Poly Online Support Center](#).

For information on setting up these cameras and accessories, see the following documents at the [Poly Online Support Center](#):

- *Polycom EagleEye IV Wide Angle Lens*
- *Setting Up the Polycom EagleEye IV Cameras*
- *Setting Up the Polycom EagleEye IV Camera Privacy Cover*
- *Setting Up the Polycom EagleEye Digital Extender*

## Limitations

- When pairing with a Poly Trio system, the EagleEye Director II camera must be on the same subnet for the Trio system to detect the camera.
- To minimize the latency of data transfer between two cascaded EagleEye Director II systems, Poly recommends linking them directly with an Ethernet cable, especially in a BYOC configuration. Otherwise, you may have lip sync issue for the video from the secondary EagleEye Director II camera.

## Resolved Issues

This section identifies the issues resolved in this release.

### Resolved Issues

Category	Issue ID	Found in Release	Description
Network	EN-194832	2.2.0	When your camera connects to both Ethernet and wireless networks, you may have issues accessing the system web interface.

## Get Help
