Overview

This document covers the following kits:

- Poly Focus Room Kit with Poly Studio P15
- Poly Small Room Kit with Poly Studio R30
- Poly Studio Small/Medium Room Kit with Poly Studio
- Poly Studio Large Room Kit with Poly Studio E70

Poly Focus Room Kit with Poly Studio P15

The Poly Focus Room Kit with Poly Studio P15 contains the following peripheral equipment. Please refer to the Safety and Regulatory Notices for each Poly product.

- Poly GC8 (Model P024)
- USB Fibre Cable
- Poly Studio P15

Poly Small Room Kit with Poly Studio R30

The Poly Small Room Kit with Poly Studio R30 contains the following peripheral equipment. Please refer to the Safety and Regulatory Notices for each Poly product.

- Poly GC8 (Model P024)
- USB Fibre Cable
- Poly Studio R30

Poly Small/Medium Room Kit with Poly Studio

The Poly Small/Medium Room Kit with Poly Studio contains the following equipment. Please refer to the Safety and Regulatory Notices for each Poly product.

- Poly GC8 (Model P024)
- Poly Studio (Model P009)
- USB Fibre Cable

Poly Large Room Kit with Poly Studio E70

The Poly Large Room Kit with Poly Studio E70 contains the following equipment. Please refer to the Safety and Regulatory Notices for each Poly product.

- Poly GC8 (Model P024)
- Poly Studio E70 (Model P025)
- USB Fibre Cable

For Safety and Regulatory information for the conferencing PC, refer to the documentation supplied with the PC.

Service Agreements

Please contact your Poly Authorized Reseller for information about service agreements applicable to your product.

Safety, Compliance, and Disposal Information

- This equipment is intended for indoor use only.
- Always disconnect all system power cords before cleaning or servicing.
- In order to remove all power from this unit, disconnect all power supply mains cords.
- Do not spray liquids directly onto the system when cleaning. Always apply the liquid first to a static-free cloth.
- Do not immerse the system in any liquids or place any liquids on it.
- Do not use a power cord that is damaged. This could cause fire or electric shock. Contact the manufacturer for a replacement cord, if necessary.

- Only use a power cord which is appropriately rated and approved relevant to the country of use.
- This equipment is not intended to be operated by children.
- When connecting to the mains supply, connect only to an earthed supply outlet which is installed near the equipment and is easily accessible.
- Keep ventilation openings free from any obstructions.
- The ambient operating temperature rating of this equipment is +32 to 104°F (0 to +40°C) and should not be exceeded.

USB Fiber Optic Cable

“Complies with 21 CFR 1040.10 and 1040.11 except for conformance with IEC 60825-1 Ed. 3., as described in Laser Notice No. 56, dated May 8, 2019.”

Installation Instructions

Installation must be performed in accordance with all relevant national wiring rules.

L'Installation doit être exécutée conformément à tous les règlements nationaux applicable au filage électrique.

When using Power over Ethernet (PoE), the equipment is to be connected only to PoE networks without connections to the outside plant.

Lorsque vous utilisez une alimentation électrique par câble ethernet (PoE - Power over Ethernet), l'équipement doit être connecté uniquement aux réseaux PoE sans connexions vers l'extérieur de l'usine.

In addition, all PoE sources must meet the Limited Power Source requirements of IEC 60950-1:2005 (2nd Edition); Am1:2009 or IEC 60950-1:2005 (2nd Edition); Am1:2009; Am2:2013; EN 62368:2014.

En outre, toutes les sources PoE doivent satisfaire aux exigences de source d'alimentation limitée de la IEC 60950-1:2005 (2ème édition); Am1:2009 ou IEC 60950-1:2005 (2ème édition); Am1:2009; Am2:2013; EN 62368:2014.

These products are designed for commercial office use only.

This product cannot be connected directly to the telecommunications circuits (or public wireless LANs) of any telecommunication carriers (e.g., mobile communications carriers, fixed communications carriers, or internet providers). In the case of connecting this product to the Internet be sure to connect it via a router.

Operating Ambient Temperature

Operating temperature: +32 to 104°F (0 to +40°C)

Plug Acts as Disconnect Device

The socket outlet to which this apparatus is connected must be installed near the equipment and must always be readily accessible.

La prise électrique à laquelle l'appareil est branché doit être installée près de l'équipement et doit toujours être facilement accessible.

CE/UKCA Mark Declarations

The Poly Room Kit components are marked with the UKCA and CE marks, as applicable. This mark indicates compliance with the relevant EU Directives and UK regulations requirements, as applicable. A full copy of the relevant Declaration of Conformities can be obtained from:

EU: Plantronics, B.V. (NL) Scorpius 171, 2132 LR Hoofddorp, NL

UK: Plantronics Ltd (UK), Building 4, Foundation Park, Cannon Lane, Part 1st Floor, Maidenhead, SL6 3UD

www.poly.com/conformity

EU Declaration of Conformity

Hereby, Plantronics B.V declares that the radio equipment type POLY FOCUS ROOM KIT P15, POLY SML ROOM KIT R30, POLY SML-MED ROOM KIT STD, and POLY LARGE ROOM KIT E70 are in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at www.poly.com/conformity.

UKCA Declaration of Conformity

Hereby, Plantronics Limited (UK) declares that the radio equipment type as described in the accompanying documentation is in compliance with the relevant statutory requirements.

A copy of the Declaration of Conformity to the essential requirements may be found at www.poly.com/conformity.

Power Levels

For radio frequency range and power levels, refer to the documentation supplied with each individual Poly product and the PC.

Power Cables

Only use the power cables that are supplied with this product; these are correctly rated for this product.

Installation of the equipment should be carried out by suitably trained people and must comply with the appropriate local and national electrical codes.

EU Waste Electrical and Electronic Equipment (WEEE) – End of Life Products

Poly encourages you to recycle your end-of-life Poly products in an environmentally considerate way. In accordance with the requirements of the European Waste Electronic and Electrical Equipment (WEEE) Directive 2012/19EU.

All Poly products are marked with the crossed wheeled bin symbol shown here. Products that carry this symbol should not be disposed of in the household or general waste stream. Detail of the options open to you and the guidance on the requirements for the recycling and environmentally considerate disposal of your end of life Poly products can be found at <http://www.poly.com/WEEE>.

Poly Take Back

In addition to any mandated take back requirement, Poly offers free recycling of its branded products to business users. Detailed information is available at <https://www.poly.com/us/en/company/corporate-responsibility/environment>.
