# Overview

This document covers Poly Studio E70 (P025).

## Safety Instructions

To reduce the risk of fire, electric shock, injury to persons and damage to property, read all operating instructions and the following safety instructions before using your Poly product.

## Warnings

- This equipment is intended for indoor use only.
- Do not spray liquids directly onto the system when cleaning. Always apply the liquid first to a static free cloth.
- Do not immerse the system in any liquids or place any liquids on it.
- Do not disassemble this system. To reduce the risk of shock and to maintain the warranty on the system, a qualified technician must perform service or repair work.
- There are no user serviceable parts inside this product.
- This equipment is not intended to be operated by children.
- Users must not service any parts in compartments that require a tool to access.
- This equipment should be used only on even surfaces.
- Keep ventilation openings free from any obstructions.
- The ambient operating temperature rating of this equipment is 0-40°C and should not be exceeded.
- This equipment is not intended to be directly connected to outdoor cables.
- The marking information is located at the bottom of the equipment.
- Power Input Rating:
  - 12Vdc / 1.2A from optional supplied PSU
  - 37-56Vdc / 0.35A(Max) from PoE power source

## ***Additional Warnings for Products with a Power Supply***

- Always disconnect the system from power and telecommunications networks before cleaning or servicing.
- In order to remove all power from this unit, remove all power cords.
- This product can be powered by an optional external Limited Power Source (LPS) power supply.
- This product must only be used with an external power supply of the type and specification specified.
- Replacement external power supplies can be obtained from the supplier of your Poly equipment.
- This system is considered to be Pluggable Equipment Type A.

- When connecting to the mains supply, connect only to an earthed supply outlet that is installed near the equipment and is easily accessible.
- Only use the power cables that are supplied with this product, these are correctly rated for this product.
- Do not use a power cord that is damaged. This could cause fire or electric shock. Contact the manufacturer for a replacement cord, if necessary.
- Only use a power cord that is appropriately rated and approved relevant to the country of use.
- Installation of the equipment should be carried out by suitably trained persons and must comply with the appropriate local and national electrical codes.

## ***Additional Warning for Products with Power over Ethernet (PoE) Functionality***

- If the product is powered using Power over Ethernet, you must use an appropriately rated and approved networking device, or the power injector identified for use with this product.
- Equipment designed to be connected to a Power Over Ethernet (PoE) source must only be connected to a IEEE 802.3 compliant PoE power source.

## ***Additional Warning for Products that Can Be Wall Mounted***

- Ensure that the wall is able to support the weight of the product. Use appropriate mounting and anchoring hardware for the wall type. Failure to provide adequate structural strength can result in damage to the equipment, voiding the warranty, and causing possible serious personal injury. The installer is responsible for conforming to all applicable building codes and requirements of local, state, and federal jurisdiction.

## **USA**

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

Responsible Party issuing FCC Supplier's Declaration of Conformity:

Polycom, Inc.  
6001 America Center Drive San Jose, CA  
95002  
USA

[TypeApproval@poly.com](mailto:TypeApproval@poly.com)

Modifications - In accordance with part 15 of the FCC rules, the user is cautioned that any changes or modifications not expressly approved by Polycom, Inc. could void the user's authority to operate the equipment.

## Canada

This Class [A] digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe [A] est conforme à la norme NMB-003 du Canada.

## CE Mark

Poly Studio E70 is marked with the CE mark. This mark indicates compliance with LVD and EMC Directives 2014/35/EC and 2014/30/EC. A full copy of the Declaration of Conformity can be obtained from Plantronics B.V., Scorpius 171, 2132 LR Hoofddorp, NL.

## Japan

この装置は、クラスA機器です。この装置を住宅環境で使用すると電波妨害を引き起こすことがあります。この場合には使用者が適切な対策を講ずるよう要求されることがあります。

VCCI - A

鏡頭部件 Lens Assembly	-	○	○	○	○	○
電子元件 Electronic Components	-	○	○	○	○	○
外殼 Shell	○	○	○	○	○	○
備考 1. “超出 0.1 wt %” 及 “超出 0.01 wt %” 係指限用物質之百分比含量超出百分比含量基準值。 Note 1 : “Exceeding 0.1 wt %” and “exceeding 0.01 wt %” indicate that the percentage content of the restricted substance exceeds the reference percentage value of presence condition.						
備考 2. “○” 係指該項限用物質之百分比含量未超出百分比含量基準值。 Note 2 : “○” indicates that the percentage content of the restricted substance does not exceed the percentage of reference value of presence.						
備考 3. “-” 係指該項限用物質為排除項目。 Note 3 : The “-” indicates that the restricted substance corresponds to the exemption.						

## EU WEEE – End of Life products

Poly encourages you to recycle your end-of-life Poly products in an environmentally considerate way. In accordance with the requirements of the European Waste Electronic and Electrical Equipment (WEEE) Directive, all Poly products are marked with the crossed wheelie bin symbol shown below. Products that carry this symbol should not be disposed of in the household or general waste stream. Detail of the options open to you and the guidance on the requirements for the recycling and environmentally considerate disposal of your end of life Poly products can be found at <http://www.poly.com/WEEE>.

## Get Help
