</tbody>
</table>

**Update the Firmware Before You Begin**

When using the Poly Studio P5 webcam with a supported operating system on a Windows or Mac computer, you must update the device to the latest firmware using the Poly Lens Desktop App. Download the Poly Lens Desktop App at poly.com/lens.

Microsoft Windows users can also update the Poly Studio P5 firmware through Windows Update.

**Resolved Issues**

The release includes no resolved issues.

**Known Issues**

There are no known issues in this release.
IMPORTANT: These release notes don’t provide a complete listing of all known issues for the software. Issues not expected to significantly impact customers with standard voice and video conferencing environments may not be included. In addition, the information in these release notes is provided as-is at the time of release and is subject to change without notice.
