## Offer of Source for Open Source Software

You may have a Poly Voice product with Poly Voice Software (PVOS) that contains software from the open source community that must be licensed under the specific license terms applicable to the software.

For at least three years from the date of distribution of the applicable product or software, Poly will give to anyone who contacts us using the contact information provided below, for a charge of no more than our cost of physically distributing, one of the following items: (a) a copy of the complete corresponding machine-readable source code for programs listed in this document, or (b) a copy of the corresponding machine-readable source code for the libraries listed in this document, as well as the executable object code of the Poly work with which that library links.

The software included or distributed for Poly Voice products with PVOS, including any software that may be downloaded electronically via the Internet or otherwise (the “Software”) is licensed, not sold.

### *Open Source Software*

Poly Voice products with PVOS use several open source software packages. The packages containing the source code and the licenses for all of the open-source software are available upon request by contacting [OpenSourceVoice@poly.com](mailto:OpenSourceVoice@poly.com).

## License Information

The following table contains license information for the open source software packages used in Poly CCX business media phones with PVOS 8.1.0. The source code and the licenses for all the open-source software are available upon request. This list is provided as a convenient reference.

### Open Source Software Packages for Poly CCX Business Media Phones

Name of Open Source Software	Version	License	Link
AAC	9.0 r30	Fraunhofer	<a href="http://source.android.com/">http://source.android.com/</a>
ALSA driver	1.1.0	Apache v2	<a href="http://source.android.com/">http://source.android.com/</a>
ALSA-Lib	1.1.0	LGPL v2.1	<a href="http://source.android.com/">http://source.android.com/</a>
ALSA-Utills	1.1.0	GPL v2	<a href="http://source.android.com/">http://source.android.com/</a>
Android	9.0 r30	Apache v2	<a href="http://source.android.com/">http://source.android.com/</a>
Bionic	9.0 r30	Apache v2	<a href="http://source.android.com/">http://source.android.com/</a>
bluez	4.96	GPL v2	<a href="http://www.bluez.org/download/">http://www.bluez.org/download/</a>
Bouncy Castle	BOUNCYCAST LE_JDK=15onB OUNCYCASTL E_VERSION=1 57	BSD	<a href="http://source.android.com/">http://source.android.com/</a>
boost	1.56	BSD-like	<a href="https://www.boost.org/users/license.html">https://www.boost.org/users/license.html</a>

## Get Help

For more information about installing, configuring, and administering Poly products or services, go to [Poly Support](#).

## Related Poly and Partner Resources

See the following sites for information related to this product.

- [Poly Support](#) is the entry point to online product, service, and solution support information. Find product-specific information such as Knowledge Base articles, Support Videos, Guide & Manuals, and Software Releases on the Products page, download software for desktop and mobile platforms from Downloads & Apps, and access additional services.
- The [Poly Documentation Library](#) provides support documentation for active products, services, and solutions. The documentation displays in responsive HTML5 format so that you can easily access and view installation, configuration, or administration content from any online device.
- The [Poly Community](#) provides access to the latest developer and support information. Create an account to access Poly support personnel and participate in developer and support forums. You can find the latest information on hardware, software, and partner solutions topics, share ideas, and solve problems with your colleagues.
- The [Poly Partner Network](#) is a program where resellers, distributors, solutions providers, and unified communications providers deliver high-value business solutions that meet critical customer needs, making it easy for you to communicate face-to-face using the applications and devices you use every day.
- [Poly Services](#) help your business succeed and get the most out of your investment through the benefits of collaboration. Enhance collaboration for your employees by accessing Poly service solutions, including Support Services, Managed Services, Professional Services, and Training Services.
- With [Poly+](#) you get exclusive premium features, insights and management tools necessary to keep employee devices up, running, and ready for action.
- [Poly Lens](#) enables better collaboration for every user in every workspace. It's designed to spotlight the health and efficiency of your spaces and devices by providing actionable insights and simplifying device management.

## Privacy Policy

Poly products and services process customer data in a manner consistent with the [Poly Privacy Policy](#). Please direct comments or questions to [privacy@poly.com](mailto:privacy@poly.com).
