What’s New

This release includes all the features and important fixes from earlier 7.2.x releases as well as:

- Zoom Room Controller v5.11
- Zoom Nomadic 911: LLDP Support for Switch Chassis & Port Subtype

Zoom Rooms Controller Update

Trio 8500 and 8800 systems, when optimized for Zoom Rooms, act as a controller for Zoom Rooms via the system's touch user interface and provide audio for Zoom Room meetings through the built-in speakers and microphones.

This software release runs Zoom Rooms Controller software **5.11.0 (1386)** as embedded software. For more information on this Zoom release, see the [Zoom Help Center](#).

For the latest setup instructions, see the *Integrating Poly Trio Systems with Zoom Rooms Solution Guide* at [Poly Support](#).

Zoom Nomadic 911: LLDP support for Chassis & Port Subtype

Using LLDP, the phone can read the connected switch's chassis & port subtype and share the values with the Zoom PBX as part of a SIP REGISTER message using the Zoom X-Switch-Info header.

For more information, see [Zoom Support – Nomadic Emergency Services](#)

Version History

This following table shows the release history of the Poly Trio solution.

Release	Release Date	Features
7.2.3	July 2022	Maintenance release for Poly Trio systems.
7.2.2	March 2022	Maintenance release for Poly Trio systems. Includes the following features: <ul style="list-style-type: none"> • Add a Mandatory Message Confirmation for Outbound Calls • Support for Zoom Rooms Controller version 5.9.3 (1069)
7.2.0	November 2021	OpenSIP-only release. Includes the following features: <ul style="list-style-type: none"> • Zoom Room Controls • Basic Authentication for Web Proxy • Set Up a Custom Background on Poly Trio Systems • STIR/SHAKEN Call Validation • Media Security Negotiation • Turn Off Trio Mics When Using Visual Pro

Security Updates

Refer to the [Poly Security Center](#) for information about known and resolved security vulnerabilities.

Note: Poly supports SIP telephony feature interoperability with Avaya Aura Communication Manager and Avaya Aura Session Manager following published standards, including IETF Requests for Comments (RFCs) and internet drafts last validated by Avaya in March 2019 contingent on Avaya allowing SIP-compliant third-party endpoints to register and interoperate with its call platforms.

Microsoft Support

Poly support for Microsoft features varies by product.

Trio 8800 Collaboration Kits, Trio 8500 Collaboration Kits, the Trio VisualPro accessory, and the Trio Visual+ accessory are not supported or qualified by Microsoft. As determined by Microsoft and Poly, the only supported way to connect Trio 8800 Collaboration Kits, Trio 8500 Collaboration Kits, Trio Visual+ accessories, or Trio VisualPro systems with Microsoft Teams or Skype for Business is through Poly RealConnect.

Note: When you set a Trio system's base profile to `MSTeams`, Microsoft controls the software experience and performance on the Trio system.

Microsoft Environment Interoperability

The following table lists Microsoft environments supported by Trio 8500 and Trio 8800 systems and the Trio 8500 or Trio 8800 Collaboration Kits that include the Poly Trio Visual+ system and a supported camera. This also applies to Trio 8500 and Trio 8800 systems when paired with a Trio VisualPro accessory and a supported camera.

Supported Microsoft Environments

Microsoft Environment	Trio 8500, Trio 8800	Trio 8500 and Trio 8800 Collaboration Kit
Teams	Microsoft qualified	N/A
Office 365D	Microsoft qualified	Poly supported (sustaining) Not Microsoft qualified
Lync 2013 on-premises	Microsoft qualified	Poly supported Not Microsoft qualified
Lync 2010 on-premises	Microsoft qualified	N/A

Microsoft Teams Support

The following tables list the Teams component versions included in this release. For more information on this Teams version, see [What's new in Microsoft Teams](#).

Important: Poly only supports OpenSIP deployments for this release.

Microsoft Teams Component Versions in Trio 8500 and Trio 8800

Microsoft Component	Version
Microsoft Teams App	1449/1.0.94.202005601
Microsoft Admin Agent	1.0.0.202006290446.product (216)
Microsoft Intune Company Portal	5.0.4801.0

Resolved Issues

The following table lists resolved issues in this release for Poly Trio systems.

Note: These release notes do not provide a complete listing of all resolved issues that are included in the software. User experience updates, performance fixes, and enhancements may not be included. In addition, the information in these release notes is provided as-is at the time of release and is subject to change without notice.

Resolved Issues

Category	Issue ID	Description
User Interface	VOICE-69336	Changes to settings unrelated to web proxy no longer cause a change in the web proxy host name and port.
User Interface	VOICE-54321	Sometimes when meetings are canceled, they are not automatically removed from the list of meetings shown on Trio.
WiFi	VOICE-22414	Setting the WiFi country of operation is not applied until the phone is manually rebooted

Known Issues

The following table lists known issues and suggested workarounds included in this release for Poly Trio systems.

Note: These release notes do not provide a complete listing of all known issues that are included in the software. Issues not expected to significantly impact customers with standard voice and video conferencing environments may not be included. In addition, the information in these release notes is provided as-is at the time of release and is subject to change without notice.

Known Issues

Category	Issue ID	Description	Workaround
Interoperability	VOICE-71713	Microsoft Exchange calendar on CCX and Trio incorrectly displays a cancelled meeting if that occurrence within a series is canceled.	No workaround.
Pairing	VOICE-22414	Trio 8300 paired with a Visual+ is unable to disable Self View when in a call and content is being shared	No workaround.

System Constraints and Limitations

This section identifies the constraints and limitations when using this product.

Windows 11 Support

Poly doesn't fully support use of this product with Windows 11 computers at this time.
