Polycom® RealPresence® Utility Cart 500

Collaboration can take place anywhere with this flexible mobile solution

When looking to get remote participants to a temporary location such as a classroom, with a patient or on the manufacturing floor, you need to get the right resource to the right place quickly.

The Polycom® RealPresence® Utility Cart 500 solution is a flexible, movable video conferencing solution that brings far-end participants on location no matter where they are located with the full power of Polycom audio and video innovations.

The optional battery-kit with user-supplied wireless network bridge allows the RealPresence Utility Cart 500 to be completely mobile without any power or network wire concerns.

Based on the Polycom® RealPresence® Group 500 codec, this solution is designed to allow the video and audio system to be easily moved from location to location.

Polycom RealPresence video solutions deliver a breakthrough user experience with customizable user interface, intuitive graphic design and stylish form factor. Now you can experience the superior Polycom® HD Voice™ and video you’ve come to expect from Polycom with the flexibility you need.

The RealPresence Utility Cart 500 is a key element of the total Polycom visual communication solution, which includes seamless integration with Polycom collaboration infrastructure.
