**BENEFITS**

- Give end users a simple, streamlined experience—and protect your investment—with one solution that integrates with a wide variety of unified collaboration platforms.
- See and be seen with high-definition richness and clarity, thanks to UltraHD content that stays focused even on highly-detailed applications.
- Capture ideas and mark up documents with optional annotation and digital whiteboarding capabilities—then easily save everything when you’re done.*
- Get sharper audio quality and voice clarity in medium and large rooms, with features like Poly NoiseBlock and Acoustic Fence.

**POLY MEDIALIGN**

Take advantage of a simple way to build a more collaborative workplace. The Poly Medialign complete video conferencing system helps improve communication and comprehension for everyone. Easily share ideas, thoughts and presentations in rich UltraHD video and high-fidelity audio. Everything is included in one system. Monitors, tabletop mic arrays and a sturdy stand. Plus smart-tracking EagleEye Director II cameras, a powerful codec and all cables. Installation is seamless in any room. It’s easy to get end users up and running, with simple connection to almost any video conferencing platform. And support is always just a call away. Here comes better collaboration.

- Ideal for larger spaces like boardrooms, classrooms and training rooms.
- Hands-free smart cameras with automatic speaker tracking and group framing.
- Straightforward global deployment with one all-inclusive solution.
- Modern design and small footprint.
- One customizable system with monitor, controller, color and height options.

*Digital annotation and whiteboarding capabilities apply to configurations using the Poly G7500 codec.
