Poly Studio P5 Kits are a perfect solution for students, educators and administrators who may be learning, teaching or working from home or in a flexible workspace. Each kit includes a webcam and headset or personal speakerphone in one package that’s easy to set up.

- Everything you need in one box
- Free up USB ports and simplify setup by connecting the wireless adapter directly to the webcam (available with wireless kits only)
- Stay in control of settings and updates with the Poly Lens Desktop app
- For IT, be assured everything is up to date and working properly for everyone, wherever they work, with Poly Lens
