

POLY STUDIO P5 KITS

Poly Studio P5 Kits are a perfect solution for healthcare organizations looking to ensure a consistent, high-quality collaboration experience for their patients, providers, and staff. Kits can be assigned to patients and consulting providers to improve the telehealth experience. Deployment of kits for at-home, in-office, or hybrid workers can ensure a consistent level of professionalism across the organization. Each kit includes a webcam and headset or personal speakerphone in one package that's easy to set up.

- Everything you need in one box
- Free up USB ports and simplify setup by connecting the wireless adapter directly to the webcam (available with wireless kits only)
- Stay in control of settings and updates with the Poly Lens Desktop app
- For IT, be assured everything is up to date and working properly for everyone, wherever they work, with Poly Lens
