- Included self-help guides, support information tools to minimize disruption to your workday.

IDEAL FOR
End user and enterprise IT alike. Poly Lens App puts the power of customization, self-help, and wellness in the hands of the end user while enabling IT to provide software updates, policy application, and remote troubleshooting when needed.
SUPPORT, PROFESSIONAL AND MANAGED SERVICES
IDEAL FOR
IT directors who need help realizing the benefits underpinning their UC business case

PLAN & DESIGN
• Plan the optimal solution to reduce deployment risks.
• Plan and design a solution aligned to your business objectives.
• Have peace of mind that your UC strategy is aligned for future business requirements.
• Drive adoption to realize the benefits which underpin your business case.
• Flexible capability supported by a multi-disciplinary team of consultants capable of delivering in the most demanding environments.

IDEAL FOR
IT directors looking to convert their plan into reality and quickly achieve the anticipated benefits

DEPLOYMENT
• Ability to support proof of concepts to demonstrate the solution working in your environment.
• Seamless migration from proof of concept into your production environment.
• Expedite your return on investment by adding Poly experts to your team to fill any capability gaps.
• Remote and onsite options available for voice and video.

IDEAL FOR
IT directors who want to extract additional value from your existing investments

OPTIMIZATION
• Optimize your communication and collaboration solutions so they perform at the highest level.
• Troubleshoot challenges with your wider environment such as network, security, or your cloud platform(s) of choice.
• Family of off-the-shelf business apps to improve end user productivity and streamline administration tasks.
IDEAL FOR
IT pros and leaders looking to maximize the value of their headset investment

HEADSET SERVICES
- A suite of services for better planning, headset deployment, adoption, longevity, and replacement.
- Minimize wireless interference in workspaces with density analysis.
- Smooth installation and deployment, with end user assistance to accelerate adoption and productivity.
- Maximize headset life and accurately manage inventory.

POLY+
- Unlimited, global 24x7 technical support giving you and your teams help how and when needed.
- Ecosystem Cloud Partner Support improves response times in Poly-enabled ecosystem cloud solutions.
- Advance hardware replacement means that you can replace your device/s with pre-paid next business day shipping, ensuring business continuity.
- Exclusive professional services discounts available to save your business time and money with special discounts.
- Experience upgraded access to premium features elevating your collaborative experience with IT tools, device-specific enhancements, and capabilities all delivering a superior user experience and greater adoption across your entire enterprise.

MANAGED SERVICES
- Remotely monitor and manage the performance of your collaboration solution.
- Provide predictable network reliability, availability, and security for your mission critical collaboration solution.
- End-to-end, turnkey solution for Zoom.
- 24x7 global coverage.
- Private hosted options available.

IDEAL FOR
IT professionals responsible for collaboration solutions, and for the prosumer working from home and looking for a high quality experience

IDEAL FOR
IT directors looking to outsource the hosting and day-to-day managing of their UC solutions
